

## Education Committee 2009 Goals

1. Keep membership up-to-date regarding effect of Michigan's new high school graduation requirements on students receiving special education services.
2. Read and respond to all State and Federal rules, laws and regulations and Michigan Board of Education initiatives relevant to special education.
3. Develop testimony as needed.
4. Review, update, and develop position papers on best and innovative educational practice, including positive behavior supports and universal education.
5. Propose an educational presentation for The Arc Michigan Annual Conference.
6. Complete brochure on due process.
7. Add to website a list of websites and books on universal education and inclusive schooling.
8. Add to website a list of websites and books on positive behavior supports.
9. Add to website a list of websites and books on literacy for students and adults with developmental disabilities.
