- Laura told us she is still planning S-D conference. There are a couple of holes and Laura's looking for people with lived experience who have a story and would be willing to present – maybe as part of a panel.
- The Michigan National Center on Advancing Person-Centered Practices and Systems (NCAPPS) team met with the Administration for Community Living (ACL) for technical questions.

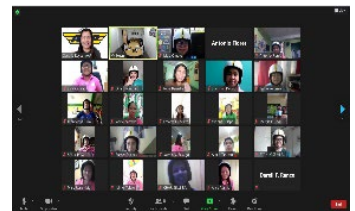

- Sheryl K. is participating in anti-racism book study through NCAPPS.

#### 4. Help Desk Update

- Heather told us it's been pretty quiet during the new year.
- The next webinar was scheduled for 2/21 and was with state folks.
- Heather and Marie received over 400 responses to the survey that was sent out about what kind of training people would like. 😊
- The webinars are held the third Tuesday of the month at 3 p.m.

#### 5. Training – I don't think we talked about training.

#### 6. Ottawa CMH Update

- The folks participating in the Ottawa Team are worker bees! They complete their work and meet between meetings.

- They are putting together a map of the process to get self-directed services.
